AUSTRALIAN NATIONAL IMAMS COUNCIL

Date: 5th of April 2017

## **PRESS RELEASE**

### **ANIC Strongly Condemns the Recent Chemical Attacks on the Innocent Syrian Civilians**

The Australian National Imams Council (ANIC) strongly condemns the recent chemical attacks on the innocent Syrian civilians in the city of Khan Sheikhoun in the Idlib Province, Syria.

This barbaric attack by the Syrian regime is another one of many continuous unjustified attacks on innocent civilians in Syria supported by foreign governments such as Russia and Iran who have demonstrated absolute lack of humanity, as well as no respect for international laws or human rights organizations.

The Australian National Imams Council (ANIC) is also shocked and concerned over the relatively mute reaction by the international community over this, and previous, horrendous attacks.

The Australian National Imams Council (ANIC) calls upon the international community, in particular Australia, to take a stronger stance against the Syrian regime and its allies and adopt necessary sanctions until the Syrian crisis is resolved.
